Join the Business Development Board of Palm Beach County Foundation for breakfast on November 2 to officially launch "Project Opioid Palm Beach", a new initiative in collaboration with Florida Blue that convenes top leaders in our county to develop and execute strategies to reduce opioid deaths in our community.

We are confident the BDB and its leaders are up to the challenge of combatting this growing crisis.

In attendance will be a county-wide coalition of business, philanthropic and faith-based leaders to drive the urgency of the overdose crisis in Palm Beach and advocate for necessary resources.
