The Florida Constitution established the Tax Collector’s Office as an independent agency in 1885, so it would be free from influence by local or state agencies that have the power to levy taxes. The Tax Collector is elected to a 4-year term in the same year as the presidential election. The Tax Collector’s Office is not funded by tax dollars. It is a fee-based office, which means the fees collected for the services provided are used to fund the operating budget that is approved by the Florida Department of Revenue. Any revenue from fees collected beyond the amount needed to fund the office is returned to the local government agencies, including the county.

Anne M. Gannon is the first woman elected to the office of the Constitutional Tax Collector serving Palm Beach County. First elected by an overwhelming majority in 2006, she was re-elected in 2008, 2012, 2016 and 2020.

Other constitutional officers serving Palm Beach County include the Clerk of the Circuit Court & Comptroller, Property Appraiser, Sheriff, and Supervisor of Elections.

New to Palm Beach County

A Florida driver license is required to drive a motor vehicle on public streets and highways. You must get a Florida driver license within 30 days of accepting employment, engaging in a trade, profession or occupation, or enrolling a child in public school in Florida.

If you move to Palm Beach County from another state, you must make a reservation for in-person driver license service. To make a reservation, please visit www.pbctax.com/reservations.

The Class E Knowledge and Driving Skills Exam is waived if you present your valid driver license from another state (including territories and possessions). A vision test is required.

If you move to Palm Beach County from another Florida county, you must update your address on your driver license and vehicle registration within 30 days. You may be eligible to update this information online. Please visit www.pbctax.com for more information and to see if you qualify to renew online.
New drivers under the age of 18 must safely gain driving experience in low-risk conditions before obtaining full driving privileges. Florida’s Graduated Driver Licensing (GDL) laws outline these limits and restrictions. Download the Official Florida Driver License Handbook at [www.pbctax.com/teen-driver](http://www.pbctax.com/teen-driver).

NEW DRIVERS AGED 18 OR OLDER

If you are a first-time driver who is at least 18 years old, you are not required to obtain a learner’s license; however, you are required to complete a Traffic Law and Substance Abuse Education (TLSAE) course, vision test, written exam, and a driving skills exam. During the driving skills exam, our examiner will observe your ability to control the vehicle and how well you obey traffic laws.

COMMERCIAL DRIVER LICENSE

A Commercial Driver License (CDL) is a professional license with more testing requirements than other licenses. We strongly encourage clients to study for their CDL before testing. The Florida CDL Handbook is available for download at www.flhsmv.gov.

RENEW YOUR DRIVER LICENSE/ID CARD

Your driver license or state ID card is valid for six or eight years, depending on your age. If you are 79 years old or younger, your driver license/state ID card is valid for eight years. If you are 80 years old or older, your driver license/state ID card is valid for six years. A vision test is required to renew.

If you have a REAL ID driver license/state ID card, the state of Florida grants one courtesy renewal online. To see if you qualify, please visit www.flhsmv.gov.

If you do not qualify to renew your driver license/ID card online, you must make a reservation for in-person driver license service at any of our offices. You can renew your driver license/ID card up to 18 months in advance.

REAL ID EXPLAINED

The Federal REAL ID Act of 2005 set new standards for the issuance of driver licenses and state ID cards. These new standards are in response to recommendations from the 9/11 Commission that the U.S. improve its system for issuing identification documents. The standards, developed by the Department of Homeland Security, improve the integrity and security of state-issued driver licenses/ID cards, help fight terrorism, and reduce fraud.

If your Florida driver license or ID card has a gold star in the upper right corner, you have a REAL ID.

BE SURE TO BRING THE REQUIRED DOCUMENTS
YOUR MOTOR VEHICLE REGISTRATION AND TITLE

Your vehicle registration consists of a metal license plate, a decal and a registration certificate. It serves as proof of payment for the registration tax and fees. Your Florida license plate is automatically replaced every ten years.

Proof of Florida insurance, with a minimum of $10,000 in personal injury protection (PIP) and $10,000 in property damage liability (PDL), is required to register your vehicle.

When you purchase a motor vehicle through a private sale or change the ownership status, you must apply for a title and registration in your name within 30 days.

Florida residents are required to update the address on their registration within 30 days of moving. If you are a new resident in Florida, you must apply for a title and registration within 30 days of accepting employment, engaging in a trade, profession or occupation, registering to vote, or enrolling a child in public school in the state. In order to complete the process, you will need to bring your out-of-state title with you to your reservation. In instances where the vehicle is financed, you will need to request the title from the lien holder prior to your reservation. For additional information and for a checklist of what you will need, visit www.pbctax.com/motor-vehicle.

RENEWING YOUR MOTOR VEHICLE REGISTRATION

We make renewing your registration easy! Renew online at www.pbctax.com or use one of the MV Express self-service kiosks located at a Publix near you. For a list of kiosk locations, visit www.pbctax.com/kiosks.

You can also renew by mail or drop your payment in one of our secure drop boxes located in the lobby of all Tax Collector offices, which are open Monday–Friday 8:15 a.m. to 5:00 p.m.

Your motor vehicle registration expires at midnight on your birthday. Please note late fees apply if your registration payment is received after the 10th day of the month following your birthday. Exceptions are heavy trucks (gross vehicle weight of 26,001 lbs. or more) and vehicles owned by businesses.

If you have trouble renewing your registration online, please call Florida Highway Safety and Motor Vehicles (FLHSMV) at 850-617-3000 for 24/7 self-service support. You can check your driver license, update your vehicle insurance information, pay a reinstatement fee after paying a ticket or check a vehicle record. Be prepared to provide your driver license number, Social Security number, title, or VIN when you call.
SELLING YOUR VEHICLE

Submit form HSMV 82050 Notice of Sale (www.pbctax.com/onlineforms) within 30 days of selling your vehicle. We will update the title record to “SOLD.” The ownership status is not changed until the new owner is issued a new Florida Certificate of Title. Remember to surrender your license plate if you do not transfer it to another vehicle. The license plate is assigned to you, not the vehicle.

MOTOR VEHICLE SALES TAX

Sales tax is required when a vehicle is purchased. Dealers collect this tax at the time of purchase, otherwise our office (as an agent for the Florida Department of Revenue) collects the tax when the vehicle is titled. Refer to the Department of Revenue website at www.floridarevenue.com for more information.

Did You Know?
As an agent for Florida Highway Safety and Motor Vehicles (FLHSMV), the Palm Beach County Tax Collector’s Office provides all motor vehicle services for Palm Beach County.

*Form HSMV 82040 or 82042. The VIN may be verified on form HSMV 82040. If the verification is performed by someone other than a Florida Notary, the VIN verification can be performed by a FL Licensed Dealer, Law Enforcement Officer, Military Police Officer, or FL Compliance Examiner/Inspector (Division of Motor Services/Tax Collector employee). Forms available at [www.pbctax.com/onlineforms](http://www.pbctax.com/onlineforms).
A Certificate of Title is proof of ownership in Florida. When a motor vehicle, mobile home, or boat is sold, a new Certificate of Title must be issued in the purchaser(s) name. All vehicles are required to be titled, except mopeds, motorized bicycles and trailers weighing less than 2,000 pounds. Titles may be obtained at one of our service centers by reservation, or by mail.

For your convenience, we offer expedited (same-day) title service by reservation for an additional $10.00 fee. Bring all required documentation to your reservation, and we will print your Certificate of Title in the office. You must provide valid photo identification. If the owner cannot be present, a representative of the owner must present an original Power of Attorney for a Motor Vehicle, Mobile Home or Vessel (HSMV Form 82053) or an original Fast Title Authorization Release Affidavit (PBCTC Form 45) from the owner. Forms available at www.pbctax.com/onlineforms.

License plates belong to the state of Florida and are assigned to you, not the vehicle. You can transfer your license plate to a different vehicle by mail or by making a reservation for in-person service. Florida requires license plates to be replaced every 10 years. Avoid possible driver license suspension by surrendering your valid Florida license plate if it is no longer in use. Improper surrender of the plate can lead to fraud or misuse of the plate. Since the plate will always be connected to your name, surrender the plate properly for peace of mind. You can surrender your license plate by mail or drop it in one of our secure drop boxes located inside our office lobbies and accessible during business hours. For details, visit www.pbctax.com/motor-vehicle.

An e-title is a title record held in an electronic database. When an e-titled vehicle is purchased using a loan, it is called an Electronic Lien Title (ELT). For both ELTs and e-titles, a paper title has not been printed.

A paper copy can be obtained once the lien is satisfied. It can be purchased by mail, online, or at one of our service centers by reservation. You must provide valid photo identification. If the owner cannot be present, a representative of the owner must present an original Power of Attorney for a Motor Vehicle, Mobile Home or Vessel (HSMV Form 82053) Forms available at www.pbctax.com/onlineforms.
SPECIALTY LICENSE PLATES

Florida offers specialty license plates to raise funds for a variety of charitable organizations and special interests. Specialty plates can be purchased any time and cost an annual fee above the standard Florida license plate charge. Fees vary by type of license plate. For more information about specialty license plates visit www.flhsmv.gov.

REPLACE A LICENSE PLATE VALIDATION DECAL OR PARKING PERMIT

If your registration, decal, or disabled person parking permit is lost or stolen, or you do not receive your registration after renewing online or by mail (lost-in-transit), please submit form HSMV 83146 Application for Replacement License Plate, Validation Decal, or Parking Permit. Application for lost in transit must be made within 180 days of issuance. Include a copy of the registered owner’s valid driver license, any required documentation, and applicable fee. We accept check or money order made payable to Tax Collector, PBC. For more information, including fees, please visit www.pbctax.com.

HIGH OCCUPANCY VEHICLES (HOV) DECAL

A High Occupancy Vehicle Decal must be displayed on vehicle and gives you access to HOV lanes anytime, regardless of the number of passengers in your vehicle. Inherently Low Emission Vehicles (ILEV) or Hybrid Electric Vehicles (HEV) qualify for HOV decals. To purchase an HOV decal, submit form HSMV 83027 and a copy of your current vehicle registration. The fee for a one-year decal is $5.75 by mail. The fee for a two-year decal is $10.75 by mail. HOV decal renewals coincide with your vehicle registration renewals. We accept check or money order made payable to Tax Collector, PBC. For more information, please visit www.pbctax.com. HOV decals DO NOT automatically provide access to Express Toll Lanes. You must also register with South Florida Commuter Services after acquiring your HOV decal and prior to using the Express Lanes. For more information, visit www.1800234ride.com.
NON-ATTACHED MOBILE HOMES

Non-attached mobile homes must be titled and registered. The length of the unit determines the fee. The registration renewal period for mobile homes is October through December. Mobile home decals expire December 31. Registrations renewed after January 10 are charged a penalty. Mobile home registration decals must be placed in the lower left corner of the window closest to the street/access road. Tangible personal property tax may apply to mobile homes with attached structures to the mobile home such as porches, decks and carports.

PERMANENTLY AFFIXED MOBILE HOMES

If you own the land and permanently affix your mobile home, you may declare the mobile home as real property. Mobile homes taxed as real property are not subject to tangible personal property tax or registration tax. Obtain and complete Mobile Home Declaration Form DR-402 from the Property Appraiser’s Office (www.pbcgov.org/papa). Once approved, the mobile home is assessed as real property. You must then deliver the approved Form DR-402 to our office where a real property decal is issued.
Individuals with temporary or permanent disabilities and transporting organizations may apply for a disabled person parking permit. A completed form HSMV 83039 Application for Disabled Person Parking Permit (www.pbctax.com/onlineforms) is required. The applicant and certifying authority or physician must have signed the application within the last 12 months. The application must also include the applicant’s valid Florida driver license/ID card or photocopy. Certifying authorities and physicians are listed on the back of the application. A representative can mail or deliver applications. Representatives must have the applicant’s license/ID card or photocopy and the completed application with original signatures.

You can apply for, or renew a disabled person parking permit by mail, following the instructions in the chart on page 29.

A permanent disability permit (blue) is valid for four years. There is no charge to apply or renew a permanent permit. Renewals require a new HSMV 83039 Application for Disabled Person Parking Permit signed by the applicant and certifying physician or authority.

A person with a temporary disability may apply for a temporary disabled person parking permit (red). The fee is $15.00. The permit will only be issued for the period indicated by the certifying authority or physician and may not exceed six months from the date of issuance. If the need for the temporary disabled person parking permit exceeds six months, an additional temporary permit may be issued. If the additional permit is applied for within 12 months from the issuance of the first permit, no additional fee is required.

Did You Know?

The physician must complete ALL sections of the application form HSMV 83039 prior to the applicant submitting it to the tax collector’s office. Incomplete forms will be returned to the applicant for completion. Download the form at www.pbctax.com/onlineforms.
DISABLED VETERAN LICENSE PLATE

Veterans who are confirmed 100% disabled from a service-connected disability by a certifying medical authority are eligible for a disabled veteran license plate (service fees apply). Disabled veterans must complete Form HSMV 83039 Application for Disabled Person Parking Permit. The veteran must provide proof of service-connected 100% disability rating or that the vehicle was acquired through financial assistance from the Department of Veterans Affairs.

DISABLED PERSON LICENSE PLATE

A person who qualifies for a permanent disabled person parking permit can obtain a wheelchair emblem license plate in lieu of receiving a parking permit. Wheelchair license plates must be renewed annually on the applicant's birthday. The long-term impairment must be proved every four years by a certifying medical authority.

PERMIT REPLACEMENTS

A replacement (lost or stolen) permanent permit requires a form HSMV 83146 Application for Replacement and a new HSMV 83039 Application for Disabled Person Parking Permit if it has been more than 12 months since the original document was signed.

BOAT/VESSLE

HOW FEES ARE DETERMINED

Hull length and use determine the boat registration fee. Trailer weight determines the trailer registration fee. Florida requires all trailers to be registered. Boat trailers weighing 2,000 lbs. or more require a registration certificate and title. Home-made boat trailers require a certified weight slip. A portion of the registration fee helps the state protect its water resources and boating amenities.

Florida Statute provides for reduced vessel registration fees for a recreational vessel that is equipped with an Emergency Position-Indicating Radio Beacon (EPIRB), or for a recreational vessel when the owner possesses a Personal Locator Beacon (PLB).

To qualify for reduced registration fees of up to 25% (depending on the class of vessel), a recreational vessel owner must provide documentation that the vessel is equipped with an EPIRB, or documentation that the vessel owner has a PLB.

BOAT/VESSLE REGISTRATION

Owners must register a boat, jet ski or other marine vessel and/or trailer within 30 days of purchasing a new or used vessel. Remember to keep your registration in the vessel when in use. The trailer registration must be on hand when the trailer is in use.

Sojourner registrations are issued to vessel owners who remain in Florida for more than 90 days, but intend to return to their home state and take the vessel with them. Boats stored or operated in Florida retain their registration numbers, even if the ownership changes.
**REGISTRATION DATES AND DEADLINES**

Registrations expire midnight on the first registered owner’s birthday. Business-owned boat and trailer registrations expire midnight June 30. Renew up to three months before the expiration date.

**REGISTRATION RENEWAL**

Visit [www.pbctax.com](http://www.pbctax.com) to renew your boat or vessel registration online. Registrations can also be renewed by mail or at any service center by making a reservation for in-person service.

The Notice of Proposed Taxes (Annual Truth-In-Millage or TRIM Notice), is sent by the Property Appraiser to property owners in August. It contains the property's value as of January 1, the millage rates proposed by each local government entity, and an estimate of the proposed property taxes. Information about the local government's budget hearing is included, providing property owners the opportunity to attend and comment on the proposed millage rates.

The Tax Collector prepares the tax bills and mails them by November 1. Payments are due by March 31. Early payment discounts are offered ranging from 4%–1% or taxpayers can enroll in the Installment Payment Plan to make four installment payments.

Property taxes are distributed by the Tax Collector to all local governments levying the tax. In 2022, a total of more than 11.86 million parcels in Florida were assessed at a value of more than $3.15 trillion, making property tax the largest governmental revenue source in the state of Florida.
Florida’s property taxes are administered by locally-elected officials and supported by the Florida Department of Revenue. In Palm Beach County, your Constitutional Tax Collector, Anne M. Gannon, collects more than $4 billion annually in property taxes and fees. This revenue is then efficiently distributed to Palm Beach County’s taxing authorities to fund critical county and municipal public services, such as the school district, fire departments, libraries, parks and agriculture districts.

**TRIM NOTICE**

The Notice of Proposed Taxes (Annual Truth-In-Millage or TRIM Notice), is sent by the Property Appraiser to property owners in August. It contains the property’s value as of January 1, the millage rates proposed by each local government entity, and an estimate of the proposed property taxes. Information about the local government’s budget hearing is included, providing property owners the opportunity to attend and comment on the proposed millage rates.

**PROPERTY TAX BILLING & PAYMENT**

The Tax Collector prepares the tax bills and mails them by November 1. Payments are due by March 31. Early payment discounts are offered ranging from 4%–1% or taxpayers can enroll in the Installment Payment Plan to make four installment payments.

**PROPERTY TAX COLLECTIONS & REFUNDS**

Payment is made to the Tax Collector of the county in which the property is located. If a taxpayer does not pay a property tax bill by March 31, a tax certificate is sold on that property to collect the unpaid taxes. If the property owner has not paid all back taxes, interest, and fees within two years, a tax deed may be sold. The Tax Collector, in conjunction with the Property Appraiser, processes all requests for refunds of taxes.

**PROPERTY TAX APPEALS PROCESS**

Taxpayers who object to their assessment or their exemption status may appeal to the Value Adjustment Board (VAB). Either the Property Appraiser or the taxpayer may appeal the VAB’s decision in circuit court.
HOW PROPERTY TAX IS CALCULATED

Your property tax is calculated by first determining the property’s taxable value. The taxable value is your assessed value less any exemptions. The Palm Beach County Property Appraiser determines your property’s assessed value.

The taxable value is then multiplied by your local millage rate to determine your ad valorem taxes. Millage rates are set by each ad valorem levying authority for properties within its boundary.

Non-ad valorem assessments are added to the ad valorem taxes. Non-ad valorem assessments are determined by the levying authority using a unit of measure to calculate the cost of services. For example, Solid Waste Authority fees are based on the type of property producing the waste.

Ad valorem taxes plus non-ad valorem assessments equal your total annual property tax bill amount.

PAYING REAL ESTATE PROPERTY TAX

Real estate property tax bills are mailed November 1. Property tax is payable November 1 through March 31. Property tax becomes delinquent April 1. Save money by taking advantage of early payment discounts.

Our budget-friendly Installment Payment Plan (IPP) allows you to make four smaller property tax payments throughout the year instead of paying your tax bill in one lump sum. Payments are due in June/July* 2023, September 2023, December 2023, and March 2024. You will receive a discount of slightly under 4% on your total property tax bill.

Apply online at www.pbctax.com/ipp or download the application and apply by mail. We accept applications for the 2023 property tax season through April 30, 2023.

Once you are on the plan, there is no need to re-apply. Just pay your first installment payment by the deadline each July to remain enrolled in the IPP.

*Payments made by June 30 will receive a discount; otherwise, non-discounted payments must be made by July 31 to remain in the IPP program.

DELINQUENT PROPERTY TAXES

Property taxes become delinquent April 1 and are subject to penalties and interest. Delinquent property taxes cannot be paid online. You must pay in full by certified funds drawn on a U.S. bank. We accept cash, money order, cashier’s check, or wire transfer. Interest accrues on delinquent property taxes on a monthly basis. Payment must be received in our office on or before the last business day of the month to be considered paid in that month. The postmark on a mailed payment is NOT proof of payment date.

TAX CERTIFICATE SALE

The Constitutional Tax Collector is required by law to hold an annual tax certificate sale to collect the preceding year's unpaid taxes and associated fees. The tax certificate sale must be held 60 days after the date of delinquency or June 1, whichever is later, per Florida Statute 197.402. For more information about tax certificate sales, please visit www.pbctax.com.

• Your estimated property tax must total more than $100.

• For new enrollees, the Installment Payment Plan (IPP) goes into effect for the 2023 property taxes not your current 2022 bill.
WHO MUST PAY TANGIBLE PERSONAL PROPERTY TAX?

Tangible personal property tax is an ad valorem assessment against the furniture, fixtures, and equipment located in a business. It may apply to structural additions to mobile homes. The Palm Beach County Property Appraiser determines the value of tangible personal property. The Palm Beach County Tax Collector is responsible for collecting tangible personal property taxes.

If your tangible personal property is assessed at $25,000 or less, you do not need to pay tangible personal property tax. Assessments of $25,000 or less require an initial return filed with the Palm Beach County Property Appraiser’s Office. If the value remains below $25,000, there is no requirement to file subsequent returns.

For more information, please contact the Palm Beach County Property Appraiser’s Office at (561)355-2896 or visit www.pbcgov.org/papa.

PAYING TANGIBLE PERSONAL PROPERTY TAX

Tangible personal property tax bills are mailed November 1. It is payable November 1 through March 31.

INSTALLMENT PAYMENT PLAN

Our budget-friendly Installment Payment Plan (IPP) allows you to make four smaller property tax payments throughout the year instead of paying your tax bill in one lump sum. Payments are due in June/July* 2023, September 2023, December 2023, and March 2024. You will receive a discount of slightly under 4% on your total property tax bill.

Apply online at www.pbctax.com/ipp or download the application and apply by mail. We accept applications for the 2023 property tax season through April 30, 2023.

Once you are on the plan, there is no need to re-apply. Just pay your first installment payment by the deadline each July to remain enrolled in the IPP.

*Payments made by June 30 will receive a discount; otherwise, non-discounted payments must be made by July 31 to remain in the IPP program.
TANGIBLE PERSONAL PROPERTY TAX LIABILITY

Tax liability follows the personal property, not the owner. If you purchase a business or property and the tangible personal property tax is not paid, a warrant (lien) remains with the tangible personal property. Although the warrant can be issued in the name of the former owner, the lien attaches to the tangible personal property and survives all sales or transfers. Tax warrants are issued June 1 on all unpaid tangible personal property taxes. Within 30 days, our agency files a petition with the Clerk of the Circuit Court & Comptroller for an order directing levy and seizure of the property. If the Clerk of the Circuit Court & Comptroller finds the taxes that appear on the tax roll are unpaid, the court shall issue its order directing levy and seizure of the tangible personal property.

For this reason, we strongly recommend clients check www.pbctax.com to verify tangible personal property tax is paid in full before purchasing a business, mobile home, or rental property.

PAYING ONLINE

You can pay current and delinquent tangible personal property tax online. Paying online is the fastest way to pay. Online payments take approximately 1-3 business days to process.

Use eCheck—it’s FREE! If you use a credit/debit card, please note that a 2.4% convenience fee applies to the total amount due (min. $2.00). Convenience fees are collected by our payment processor and not retained by our office.

DELINQUENT TANGIBLE PERSONAL PROPERTY TAX

Tangible personal property tax becomes delinquent April 1 and fees apply.

A third-party vendor collects delinquent tangible personal property tax on behalf of the Palm Beach County Tax Collector’s Office. There is a 20% collection fee added to the total gross amount due. Within 45 days after delinquency, the property is advertised in a local newspaper and advertising costs are added.

For more information about delinquent tangible personal property tax, including tax warrants, please visit www.pbctax.com.

Closing A Business?

If you were in business as of January 1 of the assessment year, your tax bill is valid and must be paid. You must notify the Property Appraiser’s office at (561) 355-2896 to inform them that you are no longer in business and the status of the assets, so they do not assess you for the following year.

Did You Know?

Consult with the local municipality in which your business is established. Many local municipalities within Palm Beach County also require business owners to establish a municipal business tax receipt in addition to the Tax Collector’s business tax receipt.
Q. I just moved to Florida and plan on working remotely before establishing an office for my business. What Local Business Tax Receipt (LBTR) type will I need to obtain?

A. As a sole professional working from your home, you will need to apply for a Local Business Tax Receipt for yourself. Once you open your stand-alone office, you will need an LBTR for the office as well. If you grow your business and have other professionals working in your office (such as a law firm or medical practice with multiple practitioners), each professional in your office will need their own LBTR. Also, check with your local municipality for its municipal business tax receipt requirements.

Q. I am an art student and run a small side business selling my crafts directly to buyers on Instagram and other selling platforms like Etsy. Do I need a Local Business Tax Receipt?

A. Yes, you do need a Local Business Tax Receipt, even if you’re selling home-made goods online and don’t intend to open a storefront. The LBTR application is available on www.pbctax.com and the annual LBTR renewal fee can be paid online. Also, check with your local municipality for its municipal business tax receipt requirements.

Q. I work from home as a customer service representative answering phone calls for my employer who has provided me with all the necessary equipment I need to perform my job. Do I need a Local Business Tax Receipt?

A. No. If you are a home-based employee for your company and you receive a W-2 from that company, you do not need to obtain an LBTR.

Visit www.pbctax.com/local-business-tax for full details, forms, and an online payment portal.

The Florida Constitution established the Tax Collector’s Office as an independent agency in 1885, so it would be free from influence by local or state agencies that have the power to levy taxes. The Tax Collector is elected to a 4-year term in the same year as the presidential election.

The Tax Collector’s Office is not funded by tax dollars. It is a fee-based office, which means the fees collected for the services provided are used to fund the operating budget that is approved by the Florida Department of Revenue. Any revenue from fees collected beyond the amount needed to fund the office is returned to the local government agencies, including the county.

Anne M. Gannon is the first woman elected to the office of the Constitutional Tax Collector serving Palm Beach County. First elected by an overwhelming majority in 2006, she was re-elected in 2008, 2012, 2016 and 2020.

Other constitutional officers serving Palm Beach County include the Clerk of the Circuit Court & Comptroller, Property Appraiser, Sheriff, and Supervisor of Elections.
